## From The Pro

The calendar has turned to October, cooler weather is on the way and this is a great time to be out playing and enjoying the golf course. When you are playing, please make sure you are taking care of the course by raking bunkers after playing from them, fixing ball marks on the greens and filling divots in the fair-way. Here are some great examples of ways to keep the golf course in great condition for all to enjoy!!

## *The Proper Way to Repair a Ball Mark*

- 1** Use a prolonged ball mark repair tool (preferably), knife, key or tee.
- 2** Insert at the edges of the mark- not the middle of the depression.
- 3** Bring the edges together with a gentle twisting motion, but don't lift the center. Try not to tear the grass.
- 4** Smooth the surface with a club or foot. You're done when it's a surface that you would putt over.

## Briane Faletto Class A Golf Course Superintendent

October will be a busy month at the Brickyard. There will be several outings on our closed day-Monday, and we will host the 2018 Member Guest. The course has dried up after months of rain and it is in great condition for these events. We have been busy applying the fall pre-emerge to the entire course. This will prevent weeds from popping out. We will do this again in February and May for the summer weeds. We have also sprayed for crabgrass and goosegrass numerous times this summer. We are using a new product to prevent these weeds from surfacing next year. We have added divot fill boxes on all par 3 tees. Please fill in your divots after your shot to preserve the turf on the tee boxes. At the end of the month, as temperatures cool, we will start raising the heights of cut on some areas of the course. This will provide a good stand of turf for the winter months. Please remember to fix your ball marks on the greens and rake the bunkers.

See you on the course!

A devastating and infuriating book about a young father who spent twenty-five years in prison for a crime he did not commit...and his eventual exoneration and return to life as a free man.

On August 13, 1986, just one day after his thirty-second birthday, Michael Morton went to work at his usual time. By the end of the day, his wife Christine had been savagely bludgeoned to death in the couple's bed—and the Williamson County Sheriff's office in Texas wasted no time in pinning her murder on Michael, despite an absolute lack of physical evidence. Michael was swiftly sentenced to life in prison for a crime he had not committed. He mourned his wife from a prison cell. He lost all contact with their son. Life, as he knew it, was over.

Drawing on his recollections, court transcripts, and more than 1,000 pages of personal journals he wrote in prison, Michael recounts the hidden police reports about an unidentified van parked near his house that were never pursued; the bandana with the killer's DNA on it, that was never introduced in court; the call from a neighboring county reporting the attempted use of his wife's credit card, which was never followed up on; and ultimately, how he battled his way through the darkness to become a free man once again.

Join us for fun, fellowship & wine on 10-16 @ 5:30pm.
