Well, we made it through another summer and are ready for the fall and the cooler temperatures. We hope everyone has been enjoying the course. We have been busy keeping it in the best shape possible for our members. We have been doing small things to the greens to keep them healthy, like verti-cutting, needle tine aerification, & fertilizing & spraying fungicides. We have purchased a new rough mower, a TriMax Snake 320, & a John Deere tractor to pull it. It has a much smoother cut and disperses the clippings better. It also cuts down on the rough mowing time. In September, we will be busy preparing the course for the upcoming winter months. We will be spraying a pre-emerge to the entire course to help control the winter weeds. We also will be putting out our fall fertilizer on the course. This will take place on Thursday, September 17<sup>th</sup>. Please be patient with us with us, as we complete these important tasks. We might need to make it cart path only or close down 9 holes until we finish. Please remember to fix all ball marks on the greens and fill in those divots in the fairways. Also, please remember to enter the bunkers at the low point. We have been seeing some tracks on the bunker slopes.

Thank you and see you all on the course!!!

We ♥ Our  
Members!

Thank  
you

"The Gown" by Jennifer Robinson

London, 1947: Besieged by the harshest winter in living memory, burdened by onerous shortages and rationing, the people of postwar Britain are enduring lives of quiet desperation despite their nation's recent victory. Among them are Ann Hughes and Miriam Dassin, embroiderers at the famed Mayfair fashion house of Norman Hartnell. Together they forge an unlikely friendship, but their nascent hopes for a brighter future are tested when they are chosen for a once-in-a-lifetime honor: taking part in the creation of Princess Elizabeth's wedding gown.

Toronto, 2016: More than half a century later, Heather Mackenzie seeks to unravel the mystery of a set of embroidered flowers, a legacy from her late grandmother. How did her beloved Nan, a woman who never spoke of her old life in Britain, come to possess the priceless embroideries that so closely resemble the motifs on the stunning gown worn by Queen Elizabeth II at her wedding almost seventy years before? And what was her Nan's connection to the celebrated textile artist and holocaust survivor Miriam Dassin?

With *The Gown*, Jennifer Robson takes us inside the workrooms where one of the most famous wedding gowns in history was created. Balancing behind-the-scenes details with a sweeping portrait of a society left reeling by the calamitous costs of victory, she introduces readers to three unforgettable heroines, their points of view alternating and intersecting throughout its pages, whose lives are woven together by the pain of survival, the bonds of friendship, and the redemptive power of love.
