Practice Facilities Renovations & Improvements

We are very happy to announce that the Practice Range and the Practice Putting Green will be undergoing renovations beginning the first of August. The Practice Putting Green will be enlarged and will be twice its current size. The teeing area of the Practice Range will be reshaped and significantly enlarged. Southeastern Golf, Inc of Tifton, Georgia will be conducting the renovations.

This improvement will take approximately a month to complete and should be completely usable by October 1st. This project was already planned earlier in the year and we are committed to making it happen in spite of the golf course work on the greens. These practice facility improvements will cost approximately \$110,000 and are another example of delivering on our mission to return the resources back to the golf course and all facilities.

Thank you for your patience during the renovation period.
