Golf Course Superintendent News

Briane Faletto, GCS

Class A Superintendent

Once again, the Golf Course Maintenance department has been busy this winter getting the course ready for another great year of golf. We have been removing a lot of trees and continuing to clean up a lot of the wooded areas on the course. We will continue this throughout February and hope to have a clean line of sight throughout the entire course.

This month we will continue with our pruning program and get some other winter projects done. Some of these are: spraying the course for winter weeds, continuing with our bush hog and skid steer to clean up areas of the course, installing a walk bridge across the creek on #7, and installing irrigation to water the right side of the path on #13. Please bear with us while we work on these projects.

We have edged all the sprinklers and irrigation valve boxes around the course. We repaired parts of the cart-path on #7 (more of this coming in the future). We have added lime to all greens and tees to raise our PH levels and will continue to monitor this throughout the season.

Thank you,

Briane Faletto, GCS

Class A Superintendent

We hope to see everyone on the course!!!
