## November 2021 Newsletter

## **Club Hours & Information**

**Pro Shop**- 7:30a-7:00p **Tee Times**-8a-7p **Range**-7:30a-Dusk

**Pavilion** -8a-9p **Tues, Wed, Thur, Fri & Sat/Sun** 7:30a-9p

**Kitchen**-11a-4p **Tues, Wed, Thur;** 11a-5p **Fri, Sat & Sun**

*Golf Course, Range, Practice Facilities, Pavilion, Clubhouse  
are closed on Mondays*

### **Monthly Payment Policy**

Payments on membership accounts are due by the 10th of each month. Any unpaid account at the end of each month will incur a finance charge of 1.5% of the total balance due and a \$25.00 late fee will be billed to the account.. If accounts are 60 days past due, the club shall suspend the members charging privileges. If accounts are 90 days past due, the club has the right to terminate the membership.

**Brickyard Management**

Please note our policy while there is lightning nearby. For the safety of our members and their guests, when lightning is within a 5 mile radius, the Pro Shop will send a message to your cart letting everyone on the premises know that the course will be closed at that time. Everyone must leave the course once they have been notified. The clubhouse and the pavilion is your safe haven.

Thank you for your cooperation.

**Brickyard Management**

# Pro Shop News

First of all, I would like to say THANK YOU to all the members who played in the **2021 Brickyard Member-Guest Golf Tournament**. We hope you and your guest had a great time.

Congratulations to **Joey Hulett** and **Larry Nichols** for winning the **2021 Team Hutch Cup Match Play** event. Also congratulations to Barry Bloodworth and Michael Barkley for finishing in 2<sup>nd</sup> place.

The next all member event will be the **Black Friday Scramble** on Friday, November 26, 2021. Sign up for this event will start on Thursday, November 4<sup>th</sup>, 2021 at 8:00 am. The Black Friday Scramble has been an event that feels up pretty fast in the past. Guest are welcome to participate in this event if they are invited by a member. We hope to see you and your team at this event.

## Junior Golf

The **Fall Junior League** has been a success. We changed the format to an individual format rather than a team event for the Fall. The Juniors have responded very well to the individual play format and improved their skills and abilities at a very past pace. Middle School and High School golf tryouts will begin in the early Spring. Please do not wait until the last minute to start preparing for the upcoming golf season. Start preparing and working on your golf game in November, December and January, so you will be prepared for the Spring golf season. All Juniors that play Middle School or High School golf should have a really good short game, if you will spend the time to prepare and improve your short game over the next three months.

## Junior Golf Rules Clinic

On Saturday, November 6<sup>th</sup>, 2021 at 10am, there will be a **Junior Golf Rules Clinic** at the Brickyard Golf Club for all Junior Golfers and their parents. The Junior Golf Rules Clinic will be FREE to attend. I hope and expect all Brickyard Junior Golfers to attend this clinic. Please plan to be there on Saturday, November 6<sup>th</sup>, especially if you play on a Middle School or High School golf team or if you participate in any individual golf tournaments during the year.

## New Merchandise Arrivals

The Fall season merchandise has arrived in the golf shop. FootJoy shirts and outerwear, Under Armour shirts, outerwear and hats and FootJoy shoes are just a few of the items that are available in the golf shop. The Under Armour hats won't last long. Remember all members must use their Pro Shop credit by March 31<sup>st</sup>, 2022. If any member knows of a guest/non-member with a gift certificate, please remind that all guests/non-member gift certificates must be used by December 31<sup>st</sup>, 2021.

# Golf Superintendent News

Going into the Winter months on the golf course grounds, we are working on some key factors that will give us a great product for the coming golf year. First off, we have put down a good slow-release granular fertilizer on the greens. This product allows our greens to continue to feed on what has already released into the soil, while the temps are warm enough for growth, while at the same time store nutrients needed to get through the Winter and come out great next Spring. On our weed control program, every area of the course has been treated different from Greens, Tees, Fairways and Rough. Each area will get the most beneficial Pre-Emerge/ Post-Emerge program for that specific area. On our Practice Tee we have poured a new concrete pad on the back of the Driving Range Tee and should have the mats on it soon. The Driving Range Tee and Par 3 Tees will have winter seed applied to them as well. While the seed is coming in on the Driving Range Tee, we will be on mats only. We are continually striving to improve the conditions on the course and improve your member experience.

Rusty Hill

## Driving Range Divot Patterns

To maximize the use of the grass on the driving range tee, please place your ball at the grassy back edge of your previous divot removing just a small portion of grass each swing

A divot pattern is reflective of how a golfer hits shots on the driving range. Golfers who take care of their grass driving range and show it some respect make a specific divot pattern.

A scattered divot pattern removes the most amount of turf because a full divot is removed with every swing. Scattering divots results in the most turf loss and uses up the largest area of a tee stall. This forces the Golf Shop to rotate tee stalls most frequently and often results in an inefficient use of the tee.

A concentrated divot pattern removes all turf in a given area. While this approach does not necessarily result in a full-sized divot removed with every swing, by creating a large void in the turf canopy there is little opportunity for timely turf recovery.

The linear divot pattern involves placing each shot directly behind the previous divot. In doing so, a linear pattern is created and only a small amount of turf is removed with each swing. This can usually be done for 15 to 20 shots before moving sideways to create a new line of divots. So long as a minimum of 4 inches of live turf is preserved between strips of divots, the turf will recover quickly. Because the divot pattern removes the least amount of turf and promotes quick recovery, it is the preferred method.

Please do your part by using the linear divot pattern and respect the turf on our range.

Appreciation to our Staff for Great Customer Service for our Members & their Guests!!  
Dortanya, Jansley, Madaline, Madi & Jaret

# BOOK CLUB

*Join the Brickyard Ladies Book Club on Tuesday, November 16th at 4:30pm  
and meet Danny Arnold in person. He is the author of  
Bad Cat Jones: Former Slaves Pioneering Journey West.*

*This story chronicles the epic, perilous westward journey taken by a group of  
former slaves at the end of the Civil War. They left Louisiana seeking a bet-  
ter life in Colorado. They had to fight their way through many dangerous en-  
counters, and some of them died. Their determination and grit carried most  
of them to their promised land.*
