"The Seven Husbands of Evelyn Hugo"

by

Taylor Jenkins Reid

Tuesday, March 26
at 5:30pm

Over the course of the novel, film legend Evelyn Hugo tells her life story to reporter Monique Grant. At the age of 79, with all her close family and ex-spouses dead, Evelyn is ready to reveal the true story of her life, which she has hidden from the public for decades. Monique is a struggling writer who has been trying to find success for over a decade. She's in the middle of a separation from her husband, and wanting a distraction, wholeheartedly throws herself into researching Evelyn's life for the interview. Evelyn offers Monique exclusive rights to Evelyn's very valuable biography, and Monique has no idea why. The book is organized into chronological sections that follow Evelyn's relationships with each of her seven husbands, punctuated by conversations between Monique and Evelyn during the interview for the biography. Evelyn grows up in a poor Cuban family in Hell's Kitchen in Manhattan. Her mother dies when Evelyn is young, leaving her alone with her abusive father. Sharing her mother's dream of becoming an actress, Evelyn uses her sex appeal to seduce and eventually marry Ernie Diaz, a neighbor boy who is heading to Hollywood. Evelyn quickly succeeds in connecting with Hollywood producers, including Harry Cameron at Sunset Studios, who becomes her lifelong best friend. She sleeps with a much-older producer to get her first role. For some time, she's relegated to smaller parts because, as a Cuban woman, she does not fit the Hollywood mold of blonde leading ladies. To start starring in films, Evelyn dyes her hair blonde, loses her New York accent, stops speaking Spanish, and tells a false story about her past to the press. When Sunset advises her to start publicly dating other actors, she divorces Ernie and gets her first leading role.

May my swing be
STRAIGHT
And the ball fly
FAR.

May my round be
BLESSED
With no worse than
PAR.

During the month of March out on the course , we have multiple things going on. We have started back on the bunker renovation project to complete all remaining bunkers with capillary concrete. This project will start on 1, 16, 18, and 2. From there, we will go to 3, 4, 5, 6, 13 and 15. Lastly, we will complete 8, 10, 11, and 12. During this process, the old sand and drain lines will be removed. New drain lines will be placed in the bottom of the bunkers with flush out lines on the high sides. Dirt will be brought in to reshape the high face slopes, sod will be laid around the bunkers, then the Capillary concrete will be poured. After the Capillary has dried the tour angle white sand will be brought in. This is the same process that we used on 9 and 14. With us starting on the project now, hopefully ,we will have it completed by May.

Also, if you have played lately, you have seen the water damage and erosion on 7 and 11 at the creek. While we have the contract crew here, we will begin repairing these areas. To do this, we will bring in more large rock to place at the bottom of the slope up to the last water line. From there, we will back fill dirt and then sod these areas. Placing rock up to the most recent water line should protect the banks from washing out. During the last storm, we received 5.5 inches of rain within 24 hours, so this gives us a great estimate of where the heavier rains will put the water level.

Golf turf-wise everything is looking good, and we are ready for some warmer (drier) weather. Greens are in good shape and should come out this spring, as good as ever. All turf areas have been treated with pre and post emergent herbicides. Greens, Fairways and Tees have already had fertilizer applications and the Rough will follow.

Thank you all for playing here and remember, please fill those divots and
repair all ball marks. Rusty Hill

GOLF RULES

Test your knowledge of the Rules of Golf -The answers are on page 13.

- ◆ **Rule 23.4** In a match between Player A & B vs C & D, Player C was absent at the appointed tee time to start the round. After Player A hit his tee shot, but before B or D hit, C shows up ready to play.
 - A) All is good, as it was not C's turn to play.
 - B) C may not play the hole.
 - C) C may play the hole, but with a two stroke penalty.

- ◆ **Rule 23.5.a** In a match between A & B vs C & D, B is absent for the start of the round. A, C & D were on their way to their second shots when B shows up. B joins A in the penalty area to assist in the search for A's tee shot. B finds A's ball, picks it up and drops it within 2 club lengths of where A said it crossed the penalty line. A plays the ball.
 - A) As the ball was dropped correctly in the relief area, all is good with only a one stroke penalty for dropping from the penalty area.
 - B) As A was required to put his own ball into play, he is penalized 2 strokes for violation of that rule.
 - C) Player A is penalized for loss of the hole for not putting his own ball into play from the penalty area. Team A & B lose the hole. .

- ◆ **Rule 23.6** In the match between A & B vs C & D , Player D has a ball 10 feet from the hole on the same line as his partner , whose ball is 15 feet from the hole. D lies 4 and C lies 3. C asks D to putt 1st, so he can read the line. Before D could putt, Player A conceded D's putt. Player D putts anyway, and misses the putt. Player C putts and makes the putt. Team C & D's score for the hole is:
 - A) 4
 - B) Loss of the hole.
 - C) 5
 - D) 6

Answers to Quiz on Page 8:

#1 Answer is "B".

#2 Answer is "A".

#3 Answer is "C".

A Point to Keep in Mind

What is a two stroke penalty in stroke play is a loss of hole in match play. (In other words, the score of the penalized player does not count for that hole, so his/her partners score counts unless he/she is also subject to a two stroke penalty on the same hole.)
