Golf Course Superintendent News

Briane Faleto Class A Golf Course Superintendent

October is here and it's time for the cooler temperatures to come on in!!! Well, hopefully! As of this writing, we are still in the high 90's and have had 30 straight days with no rain. Once the cooler temps hit us, we will start raising the heights of cuts for the winter time. This will ensure that we have healthy grass throughout the winter months.

With the shorter days and cooler temperatures it means the leaves will start falling, so please be patient with us as we try to keep the course clean. We will have blowers going non stop every day.

We will also be over-seeding the Driving Range tee and all the par 3 tees again this year. We do this to try and keep a good stand of grass to hit the shorter tee shots into those greens.

We completed our fall application of pre-emerge to the entire course in September. We sprayed the whole course this year and went out a little earlier than normal to help try and keep those pesky winter weeds from breaking out this winter.

The course is in great shape, looking forward to seeing you out there!!!

November Book Club Review

In the summer of 1963, nine-year-old Starla Claudelle runs away from her strict grandmother's Mississippi home. Starla's destination is Nashville, where her mother went to become a famous singer, abandoning Starla when she was three. Walking a lonely country road, Starla accepts a ride from Eula, a black woman traveling alone with a white baby. Now, on the road trip that will change her life forever, Starla sees for the first time life as it really is—as she reaches for a dream of how it could one day be.

Enjoy the Brickyard Pavilion and Golf Simulator !!

Come out and enjoy the fun and fellowship on Friday nights for Happy Hour. The Pro Shop conducts Closest to the Pin Contests on the golf simulator.
